

FALL 24-25 MAP RESULTS

Congratulations to all students and teachers in 1st through 5th grades for the wonderful results of our Fall MAP testing. Once again, in all grades in both Math and Reading, our students met or outperformed the national norms. And this is after coming back from the summer break and with only a few weeks of being back in school! This is a definite credit to our amazing students, supportive parents, dedicated teachers, and safe, nurturing environment.

Data gathered from these assessments will be used by the teachers to set goals and design further instruction. Seeing consistent growth in all students between each testing session (Fall, Winter, and Spring) is some of the most important data gathered, so that is what everyone will be focusing on moving forward through the school year.

MATH

Grade level	HTCS Mean RIT	National Norm Mean RIT
K	N/A	N/A
1	168	160
2	179	175
3	203	188
4	203	200
5	217	209

READING

Grade level	HTCS Mean RIT	National Norm Mean RIT
K	N/A	N/A
1	168	156
2	172	172
3	201	187
4	202	197
5	215	204

Holy Trinity Catholic School, a ministry of Our Lady Star of the Sea Parish, offers to early childhood and elementary school students of diverse ethnic, economic, and religious backgrounds a superior academic program based on Gospel values. Within a family atmosphere, the school strives to develop the spiritual, academic, personal, creative, and physical growth of each student.
