### Re: Playground Update

Great News! Thanks to the wonderful support of parents for the 24/25 Booster Fundraiser, we have been able to update the playground areas.

While it's still in the process of the updates here are just a few of the things:

**Main Play Area:** Two new basketball goals, complete painting refresh of the pavement games, a large selection of new balls, pumps, games, bench, and more.

**Fenced Play Area:** New playhouses, kitchen items, a playground carousel, and more.

Unfortunately, despite our best efforts some of the bigger items aren't expected to be delivered until September. Here's a little sneak peak...
