

## Rehearsal Schedule

### **October 9**

Script read through with every speaking part. Discuss each character and their personalities. Read entire script through. Help with lines and interpretations. No movement takes place at this rehearsal.

### **October 16**

First time to act out parts using scripts. Begin blocking where the kids stand, where their entrances are and movements they will make with their hands. Get through as much of the script as we can. Assign first 3 scenes to be memorized for next rehearsal.

### **October 23**

Rehearse first 3 scenes from memory. Work on any scenes we did not get through last week. Once scenes are memorized, we can begin to act out scenes with more personality. Memorize scenes 4-5 for next rehearsal.

### **October 30**

Rehearse all scenes. Make sure to begin students are aware of where the audience will be sitting and face that direction as much as possible. Discuss using the hand that is away from the audience when making any gestures. Assign remaining scenes for memorization.

### **November 6**

Try to get through without scripts. Introduce choreography. Remind students to review their scripts as much as possible.

### **November 13**

Begin to practice all scenes in order with choreography. Allow students to review the next scene for 2 minutes in between. Make sure actors are aware of where the audience is and that they are facing them when speaking. Discuss what song follows the scene, make sure they know if they are supposed to start a scene.

**November 20**

Start to use the music that follows the scene. Play each song as the scene begins. Practice starting the next scene once the song ends.

**December 4**

Review songs with choreography.

**December 11**

Run through as many scenes as we can with songs and choreography.
